# How Does ASI Help You Share Christ?

## *Personal Support*

Each year, ASI has multiple conferences across the country. At these events, you can attend workshops, learn from experts who are sharing Christ in diverse ways, and gain practical tips on sharing Christ in your own life.

The awesome thing about these conferences is that you get to network and brainstorm with hundreds of people! From business owners to lawyers, doctors to pastors, young adults who are still in school to retired leaders, you are guaranteed to meet people who you can connect with!

## *Virtual Support*

What if you can't attend a conference? That's no problem! ASI has a variety of virtual resources designed to encourage and support you throughout your journey. Through newsletters, interviews with experts, vlogs, and more, you will have the resources you need to share Christ wherever you are.

Join our free Mentorship Program and meet with an ASI expert to discuss your personal goals. Learn how to share Jesus using your unique talents.
